RE: Public Records Request – Anti-Abortion Agencies Requests

Dear Shafaq Patel:

On behalf of the Arizona Department of Health Services ("ADHS"), I am responding to your July 12, 2019 public records request ("Request"). In your Request, you ask for:

1. Any public records requests, as well as provided responses or responsive materials, submitted by the seven specified groups;
2. All communications, from Jan. 1, 2015 to present day, between ADHS and a representatives of seven specified organizations;
3. Any and all requests and documents with several specified terms.

In response to portion 1 of your Request, ADHS was unable to locate any responsive public records requests.

In response to portion 3 of your Request, ADHS located and is attaching 89 pages of records that appear responsive to your Request (attachments 1-5). Because no copies were made, there is no charge associated with the attached records. Please note that for the requests in attachments 4 and 5, the Department has initiated an electronic search for responsive records. If you would like the results of that search once they have been gathered and reviewed, please respond and advise.

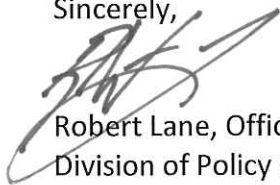

In response to portion 2 of your Request, please note that ADHS will need to initiate an electronic search for responsive records. Upon completion of the search and review of responsive records (if any) we will supplement this response. Given ADHS' daily statutory duties related to the health and safety of Arizonans and the processing of public records requests received prior to your Request, it is unclear whether the Department will have a supplemental response ready "within 10 business days."

Douglas A. Ducey | Governor Cara M. Christ, MD, MS | Director
